

Pamela J. Leach

8/24/10

I was born and raised mostly in Florida, in fact my family homesteaded there in the 1880's. My father was a career Air Force man and we moved to many states during his military career. When he retired from the Air Force we moved home to Florida. I attended high school and college in Florida and began working as a bookkeeper for a long distance trucking firm while attending college.

Following a move to the BIG city of Tampa from my small home town, I worked as office manager for a water well construction company for over 10 years. This job was a great learning opportunity for me. I learned not only about water well construction, but a lot about business due to a great boss.

I came to St. Croix on vacation in November 1993 and never really left. After selling my home I officially relocated here in June of 1994. I began working for Caribbean Auto Mart in the service department as Warranty Administrator later that summer. After 10 years in the auto business I thought it was time for a change. I left Caribbean Auto Mart and worked for a time as office manager for a real estate company, then made a big change to running a deli. Tired of the long hours on my feet (and not getting any younger) that the deli required, I began looking for the type of work I have done most of my life and was lucky enough to be hired by Coakley Bay.

I own a home in Cotton Valley that I share with 2 rescue cats and what Paul Hess, my vet, calls a "Queen Louise Retriever". I am proud to call St. Croix my home.
